Delivery time / Terms and Conditions

We encourage to register all samples electronically before sending the samples.
Orders containing less than 20 analyses are billed with a small order surcharge.

- * **Standard delivery**

 ** **Urgent delivery**

 *** **Urgent delivery, same business day**

* With **Standard delivery** time results can normally be expected within 5 business days after reception of the samples.

** With **Urgent delivery** time results can normally be expected within the next business day after reception of the samples. The sample material must be received by the laboratory within 12.00 AM on the day of reception, and a surcharge will be added.

*** With **Urgent delivery, same business day** results can normally be expected within the same business day as reception of the samples by the laboratory. This service must be notified and agreed on beforehand, at the latest within 12.00 AM the day before the analysis is to be performed. The samples must be received by the laboratory within 09.00 AM on the day of reception, and a surcharge will be added.

Sampling guides and requisition forms, in addition to general terms and conditions, can be found on our website: <http://www.pharmaq-analytiq.com>. By submitting samples the customer accept our general terms and conditions.
